

exploring grasslands

innovators of aquatic recreation since 1987

Each day, Max goes to school, rides the bus home and walks down the street to his house.

Until one day, Max noticed a path winding into a park...

wow! what is
this place?

Max rounded a corner and found
himself in a meadow of tall grass.

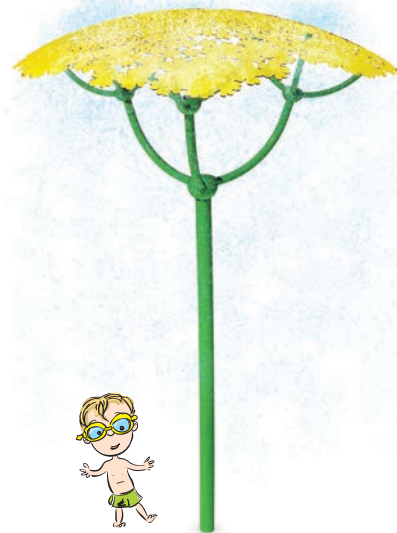

what a
big splash!

Max stood under one blade of grass with a drop
of dew on it, and laughed as it splashed onto him!

Some grass was misty,
like grass in the morning.

There were tall wildflowers.
Some looked like they were
swaying in the breeze...

And there were some topped
with a beautiful canopy of
flowers, shading Max as he
played underneath.

Some spun around and
around as Max twirled
them by their leaves...

i wonder how
fast i can spin
this!

Max even made some friends!

There was Sparx
the dragonfly...

Charlotte the
spider...

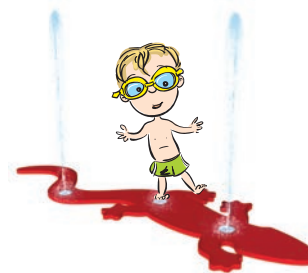

And an enchanting
butterfly named
Flutter.

There were other friendly animals too:

A gecko...

A slithering snake...

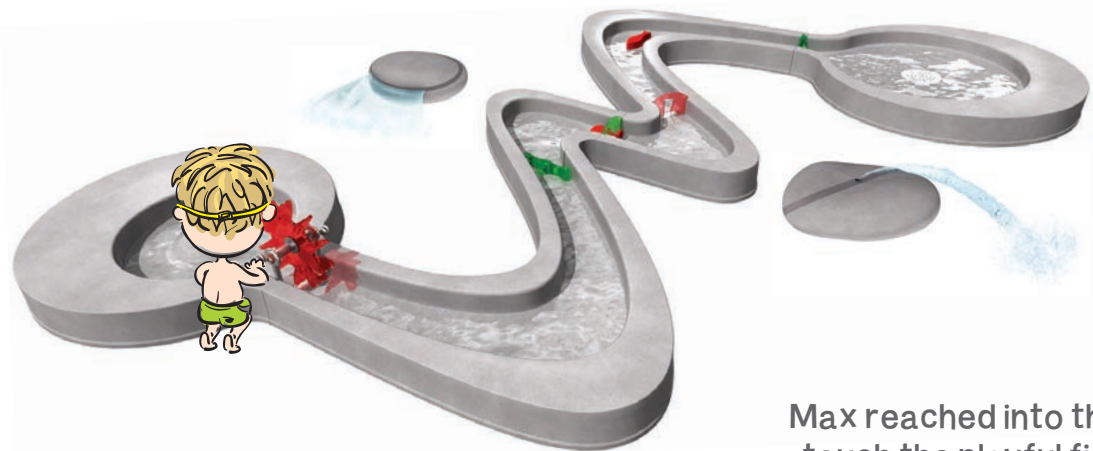

A frog, hopping along...

And ants, marching in a row.

And amid the tall grass and flowers, was a flowing Discovery Stream.

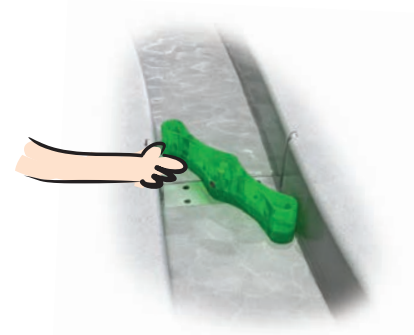

He sat on a surf stone by the stream and wiggled his toes in the water.

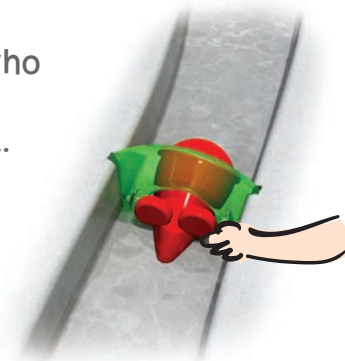

Max reached into the stream to touch the playful fish, watching as the water moved back and forth behind their tails.

He played with the water plants growing in the stream...

He met Stout Mouse, who moved backwards and forwards in the water...

...And splashed like a duck!

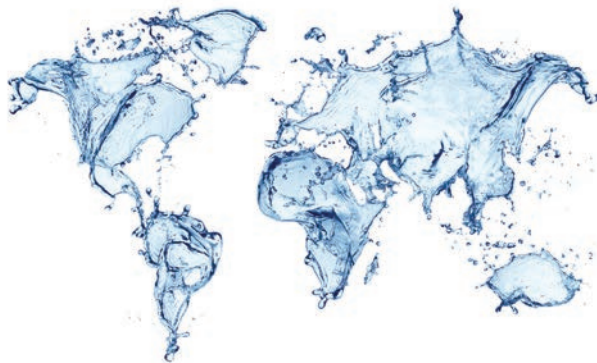

Max heard his mom calling his name to come home. As he was leaving, he turned back and thought, "I can't wait to come back here!"
