

# PRESS RELEASE

## For Immediate Release

### Waterplay Releases the Big Top Soaker, a Spectacular New Dumping Bucket

*Waterplay® Solutions presents the Big Top Soaker, a dumping bucket play feature to complete the Cirque Collection with larger than life splashes.*

Kelowna, Canada—March 08, 2016—Waterplay® presents the Big Top Soaker, a humongous dumping bucket that brings a big splash experience to the Cirque aquatic play collection. Its unique translucent bucket lets waterplayers watch in anticipation as it fills with water and then tips out a show stopping splash to soak the senses.

The largest of the Cirque features at 15 ft (189 in) tall, the Big Top Soaker towers on whimsically curving legs as if performing on stilts. Its bucket, designed with a transparent AquaLume™, allows light to illuminate the water as it rises, creating a fun visual experience for excited waterplayers below. Those in the front row will get a thrilling head-to-toe splash experience, while passersby can marvel at the spectacular water show from a distance. An irresistible main attraction for youth play areas, Big Top takes the Cirque Collection to new heights and augments any aquatic adventure with unforgettable splashes.

Now available to the global market, the Big Top Soaker is sure to inspire a wave of applause from waterplayers across the world!

#### About Waterplay

Waterplay is committed to making the world a better place by offering innovative aquatic play solutions to the global community. Located in Kelowna, Canada, Waterplay's full suite of products include play features designed to splash and spray, activity centres, full-scale waterslides, and architecturally-inspired urban water features designed to turn any space into water wonderland. A great addition to aquatic facilities, community and commercial spaces, holiday parks, hotels and resorts, water parks, and attraction facilities looking to increase attendance through play—visit [www.waterplay.com](http://www.waterplay.com) to learn more and join our movement to connect the world through play.
