AWARD WINNING DESIGN

MOST VALUABLE PRODUCT

AQUATICS INTERNATIONAL MAGAZINE 2017

A vibrant indoor water park scene. In the foreground, a large green structure resembling a giant flower or plant stands in a pool of water. Water is spraying from its top and sides, creating a dynamic splash. Several children are standing on a platform within this structure, their arms raised in excitement. To the right, a long green slide curves down into the water. The background shows the interior of a large building with a high ceiling and large windows, with other water park features visible in the distance.

"Our guests love the new features and are excited to have the pool updated with such a fun, creative structure. Thank you to Waterplay for helping us serve our community."

MASSIVE SPLASHES

Unleash waves of excitement! Build anticipation with a giant splash! Watch as a translucent, shade-casting canopy creates spectacular light and water effects on the tower before sending gallons of water tumbling down below!

SAFE FOR EVERYONE

Our commitment to both safety and accessibility ensure that no one will be left out or put at risk.

ROOM FOR ALL

Give them more room to play! Did you know Waterplay's actual deck sizes can accommodate the largest number of waterplayers?

INTERACTIVE SPRAY TOYS

Interactive, easy-to-reach play elements create an exciting environment for continuous play on and off the tower.

- cannons and tipping buckets
- interactive water sprays, mists and jets
- cascading waterfalls
- playful water nooks
- large, impressive water features

FUN WATER SLIDES

Twists, dips, tunnels and chutes, Waterplay Activity Towers offer dynamic, full size water slide adventures for young tots and thrill seekers alike.
